

COLUMBUS CRYO + MOSAIC WEST COAST IPA

INGREDIENTS

MALT

Rahr To Thee Pilsner Malt

HOPS

Columbus Cryo, Mosaic

YEAST

American Ale

TASTING NOTES

This West Coast IPA pours a brilliant gold and is crowned with a thick cap of creamy white foam. The aroma jumps from the glass with notes of sweet berries like strawberry and blueberry and is accompanied by characters of high-quality cannabis. The palate is bursting with flavors of ripe mango, papaya, and sticky ganja. The finish is bold, clean and unapologetically dank.

HISTORY

As craft beer has emerged and grown, so has IPA! IPA has helped grow Craft Beer to what it is currently today. There are now many shapes and forms of IPA, but they all share bright aromatic hop aroma of citrus, tropical fruit, and pine.

In the evolving and nuanced world of WCIPA this beer is inspired by our friends at Ghost Town and their project Dank Dive. Playing off the super ripe and aromatic flavors of Mosaic with the punchy dank/ganja notes of Columbus Cryo to make a very expressive flavor profile. This beer rides the edge of ripe fruit and sweet body odor in all the best ways possible. This beer should make your teeth feel green while giving you a ripe tropical experience. We went with the fruit forward Columbus Cryo and left the garlic and onion versions for brewers on the other side of the playground.

FOOD PAIRINGS

Rich and hearty burgers, French fries and complex pizzas. Aged cheddar cheese, aged meats, and pickled vegetables. Indian cuisine that is spice forward and balanced by yogurt and cream-based sauces.

DANK, BERRY, TROPICAL
