HISTORY

Our friends over at Great Notion Brewing sure do know how to dazzle with the haze, the sweet, and the rainbow of flavors! We thought it would be fun to brew a Hazy IPA Great Notion style at pFriem! We leaned into extra haze, more mouth feel, more sweet, with a wallop of some of pFriem's and Great Notion's favorite hops – Nectaron and Krush! The result is a well-balanced, but flavor forward Hazy IPA!

TASTING NOTES

Dreamy white foam on top of peach skin haze. Sweet aromas of orange sherbert, white peach, kiwi, strawberry cream, white Haribo gummy bears, grapefruit spritz, and vanilla cream. Soft flavors of whipped pineapple, marshmallow, Hawaiian Punch, cotton candy, and Skittles. Luscious mouthfeel, prickly pear, with a velvet finish.

FOOD PAIRINGS

Rich and hearty burgers, French fries and complex pizzas. Aged cheddar cheese, aged meats, and pickled vegetables. Indian cuisine that is spice forward and balanced by yogurt and cream-based sauces.
